

Are You Having An Event?

We specialise in Audio Visual
rental for Events & Exhibitions

**We are Toomey Audio Visual,
Est. since 1968.**

**When we started we were hiring out
overhead projectors and acetate rolls.
Things have moved on a bit!**

**We understand the importance of
quality, reliability and experience when
renting AV equipment.**

**We provide a complete AV Rental
service from a simple display screen
to complete in person and Hybrid
conference coverage and AV Production.**

Live Streaming

This technology enables individuals who are unable to attend the event in person to participate virtually, either through live video feeds, audio streams, or a combination of both.

Event live streaming can cover a wide range of occasions, including conferences, seminars, concerts, sports competitions, product launches, and more.

Audiovisual.ie Provides Tailored Solutions:

- > Multi Video Callers
- > Multi Camera
- > Video Inserts
- > Digital Audio Quality
- > Live Edit

Event Recording

Our Event recording services encompass the professional capture, production, and distribution of video content from your event.

ON-SITE RECORDING: Our skilled videographers attend the event equipped with high-quality cameras, audio recording equipment, and other necessary tools to capture the proceedings.

MULTI-CAMERA SETUP: Depending on the scale and nature of the event, multiple camera angles may be utilized to ensure comprehensive coverage and dynamic footage. We can provide discreet unobtrusive 4K PTZ cameras controlled remotely for minimum disruption to event proceedings.

EDITING AND POST-PRODUCTION: After the event, recorded footage is meticulously edited to create a polished final product. This may involve trimming, colour correction, audio enhancement, adding graphics or animations, and other post-production tasks.

DISTRIBUTION AND DELIVERY: Once editing is complete, the final video content is delivered to the client in the desired format, whether it be digital files or uploaded to online platforms for streaming or download.

CUSTOMIZATION OPTIONS: Clients may have specific requirements or preferences for how the video content is produced and delivered. We offer customizable packages to accommodate these needs.

Recording Interviews

We can provide all the necessary equipment and expertise to professionally record interviews whether 'on set' or 'on the fly'.

We can provide cameramen for conferences & provide quick turnaround services from live interview to conference screen playback.

Corporate Videos

We can facilitate producing corporate videos that are professional-quality video content tailored to the needs of your organization.

Whether for internal communication, marketing, training, recruitment or branding, let us help you deliver your message.

Conferences

We can supply all the Audio Visual elements for your next conference:

- > Large high powered projectors
- > LED screens
- > Audio Systems
- > Seamless AV switching
- > Sireless headsets and podium mics.
- > Stage, Room and party lighting
- > AV technical services to make it all run smoothly.

Our conference team will ensure that the AV aspect of your conference will leave a lasting impression with all your delegates.

AGM Townhalls All Hands

So, you're gathering a group of people together and you have a message to deliver.

Wireless Headset Mics for handsfree quality audio whether a solo talk or a lively panel discussion.

We can integrate seamless video, presentations, video call contributors and any other specific requirements you may have.

We have screens and sound systems to cater for audience sizes from **10 to 10,000** people and everything in between.

Concerts | Parties

When it comes to concerts and live music performance, we have a great team of live sound engineers with vast experience in every aspect of live musical performance.

- > From Rock band to Trad concert, ethnic world music performance to community talent show, an experienced and talented Engineer makes all the difference.
- > For Birthday Parties, Weddings, and celebrations of every type, we have sound, lighting, DJ and video display systems to bring the PARTY!

We can deliver, set-up and collect everything you need for a great night.
